RE: Revised Corrective Action Management Plan

Dear Captain Ziemer:

In accordance with the Hazardous and Solid Waste Amendments (HSWA) portion of your Resource Conservation and Recovery Act (RCRA) Permit, Condition II.D.4., the U.S. Environmental Protection Agency (EPA) requests that you submit a revised Corrective Action Management Plan (CAMP) which takes into consideration changes being made in the permit currently under consideration for issuance. These changes are identified below. Please note that the current CAMP remains in effect until revised.

1. Replace all references to the "RCRA Facility Assessment and Sampling Visit (RFA/SV)" in the CAMP with "Confirmatory Sampling." Refer to Appendix A-3 in the renewed HSWA Permit.
2. Table 3-1: Solid Waste Management Units (SWMUs) - Group II - SWMU 12, "Neutralization Basin" - Replace "assess" with "RFI".
3. Table 3-1: SWMUs - Group III, Change the names of the following SWMUs:

SWMU 23 - from Jacksonville Shipyards, Inc. to JSI Area.

SWMU 24 - from North Florida Shipyards, Inc. to NFSI Area.

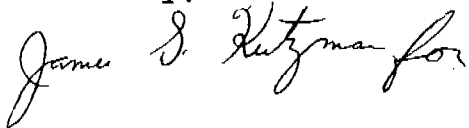

SWMU 25 - from Atlantic Marine, Inc. to AMI Area.

4. The location of SWMU 11 in Figure 2-3 is in error. EPA will correct this.

Please submit the revised CAMP within ninety (90) days of receipt of this letter.

Thank you for your cooperation.

Sincerely,

Joseph R. Franzmathes  
Director  
Waste Management Division
